Multiple Connectivity Modes

• Connecting via Bluetooth Mode:

Step 1: Turn the Bluetooth function on your device and search for Bluetooth devices nearby.

Step 2: Pair with device name 'Decibel 21'

Step 3: Once you connect the speaker with your device, the speaker will confirm successful pairing with its built-in audio alert.

• **Connecting via USB Mode:** Enjoy your favourite music with USB Connectivity on Decibel 21. All you need to do is insert a USB Disk and it automatically starts playing the music.

• **Connecting via Aux function:** Connect the 3.5mm audio cable to your device: It is compatible with PC, MP3, mobile phone or other audio devices.

• **Connecting via Micro SD Card:** Insert a Micro SD Card and the speaker will automatically start playing MP3 format music in it.

• Connecting via FM Mode:

Step 1: Attach the in-box Type C Cable to the speaker's Type C Slot as an antenna.

Step 2: Turn on the Speaker and press the power button once to enter FM Mode.

Step 3: Short press the Play/Pause button to activate auto searching for channels.

Connecting Two Speakers using (TWS) True Wireless Stereo Feature

Now experience enhanced sound output by connecting 2 TWS enabled speakers together. Follow these instructions to elevate your music listening experience :

Step 1: Ensure Bluetooth function is OFF on your Bluetooth Speaker

Step 2: Turn on two speakers

Step 3: Dual Press the Power Button on one of the speakers, both of them will enter TWS pairing status.

Step 4: Once connected successfully, LED light of both the speakers will flash blue.
