Key Combination

Press the Up and Down buttons simultaneously to switch between modes:
Mode 1: Up and Down Arrow
Mode 2: Left and Right Arrows
Mode 3: Page Up/Page Down

Match Code

First, insert the receiver into the USB port of your computer. Then, press and hold the page-turning button while moving the power switch to the ON position. The indicator light will blink and stop to complete the pairing process.

3.2 Function Description

3.2.1. Insert the bottom receiver into the computer's USB port, and then insert the battery into the product. Open the PPT, Keynote, or PDF file. When everything is ready, you can begin the demonstration.

3.2.2. If the product emits a laser but doesn't have the page-turning function, first, insert the receiver into the computer's USB port. Then, press and hold the page-turning button while moving the toggle switch to the ON position. The indicator light will blink and establish a connection.

3.2.3. For Windows PPT, use Page Up/Page Down or the Up and Down arrows to control page turning. For Mac OS Keynote, use the left and right arrows to control page turning. To switch between function modes, press and hold the Up and Down keys for 2 seconds.

4 Caution

• Do not disassemble, bump, crush, or expose to fire.
• If severe swelling occurs, discontinue use immediately.
• Avoid placing in high-temperature environments.
• Never use the laser to shine directly into the eyes of people or animals.
