- Supports Wake-on-LAN function.

Product details

3.5mm AUX Jack
PD Power   SD Card   HDMI
TF Card
VGA   RJ45
USB 3.0   USB 2.0 X 3

Specifications :

Input	: USB-C Male
Output	: USB 2.0 X 3 + USB 3.0 X 1 + HDMI X 1 + VGA X 1 + RJ45 X 1 + SD X 1 + TF X 1 + PD X 1 + 3.5mm Audio Jack X 1
USB Port	: USB 3.0 standard with data transmission speed up to 5Gbps, backward compatible with USB 2.0/1.1
HDMI Port	: Resolution upto 4K X 2K@30Hz
VGA Port	: Resolution upto 1920 X 1080@60Hz
RJ45 Port	: 10/100/1000Mbps Ethernet auto adaptation
USB C	: Support PD Charging up to 100W
SD/TF Port	: 3.0 read/write speed, simultaneous reading supported

IMPORTANT SAFETY INSTRUCTIONS

When used in the directed manner, this unit has been designed & manufactured to ensure your personal safety. However, improper use can result in potential electrical shock or fire hazards. Please read all safety and operating instructions carefully before installation and use, and keep these instructions handy for future reference. Take special note of all warnings listed in these instructions and on the unit.

1. Water and Moisture — The unit should not be used near water. For example: near a bathtub, washbowl, kitchen sink, laundry tub, swimming pool or in a wet basement.

2. Heat — The unit should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat.

3. Cleaning — The unit should be cleaned only using a warm damp cloth. Do not use solvents, etc.

4. Objects and Liquid Entry — Care should be taken so that objects do not fall and liquids are not spilled into any openings or vents located on the product.

5. Attachments — Do not use attachments not recommended by the product manufacturer.

6. Overloading — Do not overload wall sockets, extension cords, or integral convenience receptacles as this can result in a risk of fire or electric shock.

7. Damage Requiring Service — The unit should be serviced by qualified service personnel when:

A. the power supply cable or plug has been damaged.

B. objects have fallen into or liquid has been spilled into the enclosure.

C. the unit has been exposed to rain.

D. the unit has been dropped or the enclosure damaged.

E. the unit exhibits a marked change in performance or does not operate normally.

8. Servicing — The user should not attempt to service the unit beyond those methods described in the user's operating instructions. Service methods not covered in the operating instructions should be referred to qualified service personnel.

NOTE : Any damage caused by physical impact, Water/liquid, fire etc caused by customer or nature shall not be covered under warranty. Only product design, feature and functionality related faults will be considered.
