Portable Speaker with Digital Alarm Clock

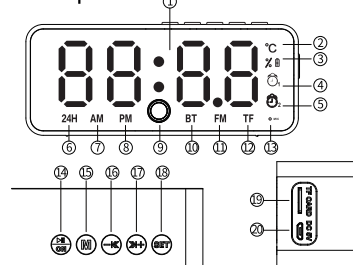

User Manual

Package Contents :

- Portable Speaker with Digital Alarm Clock
- Charging Cable
- User Manual

Note : Charge for 1 Hour Before First Use

Button Operation :

- ① Display Screen
- ② °C : Temperature
- ③ % : Battery Percentage
- ④ : Alarm 1 Indicator
- ⑤ : Alarm 2 Indicator
- ⑥ 24H : 24-Hour System
- ⑦ AM : 12-hour system, shows morning time.
- ⑧ PM : 12-hour system, shows afternoon time.

⑨ Motion Sensor : The speaker features an intelligent system that seamlessly transitions between playback modes. In the event of a TF card playback cessation or a 10-minute Bluetooth disconnection,

the device will autonomously shift to clock mode, ensuring continuous functionality. Additionally, an automatic shutdown occurs 10 seconds after entering clock mode. Moreover, when the motion sensor detects human body movement, it triggers the activation of the speaker into clock mode for 10 seconds, followed by an automatic shutdown.

- ⑩ BT : Bluetooth mode display
- ⑪ FM : FM radio mode display
- ⑫ TF : TF card playing mode display
- ⑬ MIC (Microphone - Hands free)

⑭ **ON/OFF** : To power on or off the device, press and hold the designated button. During music playback, a single press of the button allows you to play or pause the music instantly. When in FM mode, a press initiates an automatic station search, streamlining the tuning process

⑮ **M** : Hour system switching, press and hold for 24/12 hour system switch.

⑯ **⏮** : Press for the last song or station, press and hold for volume down, and, in clock setting mode, press for digit decreasing and hold for quick digit decrease.

⑰ **⏭** : A single press advances to the next song or radio station, while a press-and-hold action increases the volume. In clock setting mode, a press facilitates digit increase for precise adjustments, and a press-and-hold achieves a swift digit increase for efficient time setting.

⑱ **SET** : Press for switching on or off clock/alarm, press and hold for clock/alarm setting.

⑲ TF CARD: TF card slot

⑳ DC 5V: 5V1A DC power input

Speaker Operation Instructions :

Mobile phone Bluetooth Connection :

Turn on the speaker, it prompts voice for Bluetooth connection, switch on mobile phone Bluetooth setting and search Bluetooth pairing code, find it and pair it, speaker will prompt voice "Bluetooth has been connected when paired. Go to mobile phone music station player and play.

TF Card Slot :

Insert TF card with music files, press button "M" for switching TF card mode, speaker will play the music in the TF card.

FM Radio :

Press button "M" for switching to FM mode, insert the charging cable packed into micro 5 pin charging port as the cable serves as antenna, press button for FM radio stations auto searching and save, and then play the stations saved.

Temperature Display :

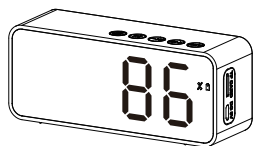

Under clock mode : Speaker display time, temperature and power percentage alternately at time interval.

Notes : Due to the built-in temperature sensor, it may cause deviation from the actual temperature by the environment changing.

Power Percentage Display :

Under clock mode : Time, temperature and power percentage will be displayed alternately at a time interval.
