How to Use the Bluetooth Mode

- A. Turn on the power, the speaker will enter the bluetooth mode automatically.
- B. Open the bluetooth of your device then search and find the bluetooth name "Radian"
Pairing code is "0000" if it needs.
- C. After pairing successfully, the device will connect the speaker automatically next time if you open the last paired device

Basic Troubleshooting

1. The speaker may turn off because of low battery power if used for longer time periods without charging intervals.
Please just charge it with the USB charging cord and turn on the speaker to use it.
2. The music will freeze if the speaker is beyond the effective bluetooth connection range or there is an obstacle between the speaker and the bluetooth device.

3. Unsuccessful pairing :

- a. Check if the speaker is on.
- b. Make sure the speaker is with in the Bluetooth connection range.
- c. There are too many bluetooth devices surrounding, which makes the bluetooth search difficult. Turn off other bluetooth devices.
