 **SINGLE-TAP ERASE**  **LONG BATTERY LIFE**

**21.5**  
CM  
WRITING AREA

**Latest Improved Technology :** Portronics New RuffPad 8.5E LCD Writing Tablet uses the Newest LCD pressure-sensitive technology and lets you draw thick and thin lines as per your preference based on the pressure on the stylus. It comes with a large 8.5 inches display. The LCD screen is totally safe, radiation free, glare free, non-toxic, light-weight, comfortable and perfect in your or your little one's hands.

**Reusable & Environment Friendly :** The RuffPad 8.5E lets you do your bit for the environment by saving paper, pencils and erasers but it does not make you compromise on your creativity. It's simple one-button clear command helps you erase and re-write over 100,000 times. Make new drawings, doodles, artwork or simply use it to display your Memos, ideas or use it for rough work as you complete your school homework – it comes handy as per your desires. Be creative; guilt free.

**Lock Function :** RuffPad 8.5E comes with an Anti-Erase Lock button that helps you save your or your child's precious creations and prevents accidental deletion of your written / drawn contents or drafts.

**Portable, Compact, Durable :** RuffPad 8.5E comes in a very compact, light-weight model making it absolutely easy to carry wherever you want to carry it. Keep kids away from mobiles and its harmful effect by using the RuffPad 8.5E to play games with them or to help them to concentrate on learning and creation. The stylus fits into a holder on the pad itself, keeping it safe from getting lost.

**Great for all ages :** RuffPad 8.5E can be put to multiple uses no matter who you are. It is a must have for kids, designers, office goers and is ideal for gifting. Children can use it for writing, arithmetic, spellings or to learn to draw and doodle. Adults can use it to take notes and memorize important information in office. Designers can use it to save their ideas and drafts, no matter where they are.
